ALTERATION TO EXAMINATION SCHEDULE

Session 19 & 20 (Cwmtillery and Monitoring Indicators) has been brought forward to Friday 6 July 2012. Session 19 (Cwmtillery) will start at 0900 hours and the Monitoring Indicators Session (Session 20) will run on afterwards.

In the original schedule, I indicated that I would review the progress of the examination on 10 July. I intend to give a written statement to the Council on progress in this examination after the Minerals Sessions (17 & 18).

A copy of this statement will go on the internet and will be circulated to all parties.
