

#### BLAENAU GWENT COUNTY BOROUGH COUNCIL JOINT HOUSING LAND AVAILABILITY STUDY 2018

### BETWEEN BLAENAU GWENT COUNTY BOROUGH COUNCIL AND THE STUDY GROUP:

HOME BUILDERS FEDERATION
LINC CYMRU HOUSING ASSOCIATION
MELIN HOUSING ASSOCIATION
UNITED WELSH HOUSING ASSOCIATION
DWR CYMRU/WELSH WATER

Published June 2018

### CONTENTS

- 1 Summary
- 2 Housing Land Supply

Appendix 1 - Site Schedules

Appendix 2 - Past Completions Data

Appendix 3 - Previous Land Supply Data

#### 1.0 SUMMARY

- 1.1 This is the Blaenau Gwent County Borough Council Joint Housing Land Availability Study (JHLAS) for 2018 which presents the housing land supply for the area at the base date of 1st April 2018. It replaces the report for the previous base date of 2017. This document is available in Welsh / Mae'r ddogfen hon ar gael yn Gymraeg
- 1.2 The JHLAS has been prepared in accordance with the requirements of Planning Policy Wales, Technical Advice Note 1 (TAN 1): Joint Housing Land Availability Studies and the Guidance Note on the JHLAS process (September 2012). Please refer to these documents for details of the requirements for the maintenance of a five year housing land supply in each Local Planning Authority area and the process for undertaking JHLASs. This document can be accessed on the Welsh Government web site using the following link:

http://wales.gov.uk/topics/planning/planningstats/housing-land-availability-in-wales/?lang=en

1.3 Section 2 sets out details of the housing land supply and how it has been calculated. It shows that based on the residual method set out in TAN 1, Blaenau Gwent County Borough has **1.28 years housing land supply.** 

#### Involvement

- 1.4 The housing land supply has been assessed in consultation with:
  - Home Builders Federation
  - Linc Cymru Housing Association
  - United Welsh Housing Association
  - Melin Housing Association
  - Dwr Cymru / Welsh Water

#### Report production

- 1.5 Blaenau Gwent County Borough Council issued draft site schedules, site proformas and accompanying information for consultation between 18<sup>th</sup> May and 4<sup>th</sup> June 2018. A Statement of Common Ground (SoCG) was subsequently prepared by the Council and following consultation with the Study Group was submitted to the Welsh Government on 25<sup>th</sup> June 2018.
- 1.6 All matters were agreed following the consultation and set out in the SoCG.
- 1.7 This JHLAS report has been prepared on the basis of the SoCG.

#### 2.0 HOUSING LAND SUPPLY

- 2.1 The five year land supply comprises sites with planning permission (outline or full), sites with a resolution to grant planning permission subject to the signing of a section 106 agreement and sites allocated for housing in adopted development plans, categorised as prescribed in TAN 1.
- 2.2 The land supply has been calculated using the residual methodology, based on the Blaenau Gwent County Borough Council's Local Development Plan 2006 to 2021 which was adopted in November 2012.

Table 1 – Identified Housing Land Supply

(A full list of sites can be found in Appendix 1)

Housing Land Supply (base date to base date plus 5 years) - Large Sites													
		5 Year La (TAN 1 ca	Beyond	5 Years									
	Proposed homes	1	2	3	4	Homes completed since last study							
Total	2661	60	532	2048	21	40							

2.3 Five year large site land supply break-down (i.e. Categories 1, 2):

Private	421
Public	
Housing	171
Association	
Total	592

#### 2.4 Small Site Supply

The contribution from small sites of less than 10 dwellings is based on the completions for the last five years.

Table 2 – Small Site Completions for previous 5 years

Small Site Completions					
2013 - 2014	2014 - 2015	2015 - 2016	2016 - 2017	2017 - 2018	Total
22	22	42	10	18	<u>114</u>

2.5 Overall total 5 year land supply (large + small sites) is **706** (592 + 114).

2.6 Blaenau Gwent LDP only covers part of the 5yr study period required, therefore Table 4 in Annex 3 of TAN 1 was used to give an estimate of the land required. The average annual requirement has been worked out in the calculation below and forms part of the 5 year land supply calculation in column A in the table. The LDP was adopted in November 2012 and expiration of the LDP occurs in December 2021.

### Calculating the average annual requirement where the plan period expires part-way through the JHLAS period

Average annual requirement = 
$$(\underbrace{H \times N}_{P} + (H - C))$$

#### Where:

H = Total Housing Requirement (as set out in the adopted Development Plan)

N = Number of years left in JHLAS period after the plan period expires

P = Total number of years in plan period

C = Completions from start of plan period to JHLAS base date

**Table 3: Five Year Land Supply Calculation**
