

# Roseheyworth Comprehensive, Abertillery

courtesy of Google Street view

Grid Ref: 321171 204634

## Description:

The site is brownfield land formerly used as a school and consists of three plateaux at various levels. The site lies north-west of Abertillery town centre in a predominantly residential area. To the south-west of the site is the A467. The site can be accessed from Morley Road.

## Delivery Considerations:

There is potential for this site to support protected species and a number of habitat and wildlife corridors run through the site. Mature trees separate the platforms and will require protection from development. A survey of Japanese knotweed and programme for its eradication is required. The site is crossed by public sewer(s) which may restrict the density of the proposed development. Transport infrastructure improvements may be required to ensure developments are highly accessible.

## Further Information and Support:

The **Planning Department** provides a Planning Advice Service where more specific advice will be given on development proposals. Details of the service provided and the relevant charges can be found on the [Blaenau Gwent website](#).

Blaenau Gwent Local Authority **Building Control** can oversee and guide your building regulation application in a quick, professional and responsive manner. Our service is extremely competitive. More information can be found on the [Blaenau Gwent website](#).
