

THE TRINITY PROTOCOL

The Trinity Protocol Scheme is designed to provide the opportunity for you or someone you know to register information about their disability. The goal is to let officers know all about the person, so they can adapt their response according to the persons needs.

Those who participate in the registry can provide vital information to help officers defuse a threatening situation peacefully. It may be the person might not be able to speak or respond to commands, and might react violently to lights or sirens. Crucial information for officers to have.

If you or someone you know could benefit from being included, ask for a registration form. You can do this by emailing the neurodiversity team.

CrimePrevention@gwent.police.uk

You can also email for help in completing the form, or to answer any questions you may have.

Mae fersiwn Cymraeg ar gael hefyd.
