

Children's Grand Council October 2022

I am pleased to say that our first face to face Children's Grand Council took place at Llanhileth Institute. It brought together 51 pupils from across all primary schools in Blaenau Gwent.

What is the Children Grand Council?

It's a place where 2 pupils from each primary school across Blaenau Gwent to come together to:

- Learn new things
- Come together to make new friends
- To put their views across

What was discuss at the latest Grand Council?

- Children's Rights and Why they are important
- How they themselves can get involved with the Youth Forum or Youth Service
- Positive Body Image and Positive Food Relationships
- Wellbeing consultation

Why is this important?

- We are able to understand what matters to children and young people
- We can use what they told us to look at ways to support them or change things

We are not done yet and will be holding a further two Children's Grand Council sessions within this academic year.
